at the American Express Stadium

Our Philosophy

At the American Express Stadium, we believe in making every moment count, for the guests we serve and for our team members.

Whether creating dishes for matchdays, conferences, awards dinners, private parties or once-in-a-lifetime events, our love of honest, well-sourced, expertly crafted food and drink and the exceptional moments and lasting memories it creates, is at the heart of what we do.

Underpinning this passion is our food philosophy which allows us as chefs, cooks and food service heroes to think about the food we source, create, present and the impact this has on our business, customers, communities and the environment.

From recruiting rising stars to embracing technology to tackle food waste, the American Express Stadium is leading the way in delivering great tasting food that takes pride of place and exceptional service with confidence.

CONFIDENT

Having confidence in our craft and ability are key. Our team always apply their own talent to create food they are proud of and that tastes amazing.

CREATIVE

Creativity delivers flavour and, importantly, surprise and delight. We never lose sight of how food is prepared, presented and most importantly, how it tastes.

CONSIDERED

Our food design is always well considered, relevant to the audience and delivers quality at every price point.

Passionate Foodies

Our culinary specialists have a genuine desire to create inspirational food and drink and deliver memorable experiences every time.

With decades of experience putting their twist on culinary classics and perfecting their handpicked favourites, our dishes are carefully balanced to provide fantastic tasting food whilst considering the climate impact of the food we serve.

Food Moments has been created by them, for you.

Adam Jay, Executive Chef

INTRODUCING OUR

Allergy Champions

We are always focused on the delivery of catering for guests who have allergies or dietary requirements, particularly with a marked increase in these requests. Providing a varied and nutritious menu is an important aspect of every conference and event, however, we recognise that some visitors may be unsure about what they can and cannot eat due to their dietary needs.

To ensure your safety and satisfaction, our team has completed comprehensive allergen training and is available at every event to assist you. Please feel free to reach out to any of our staff members with your concerns or questions.
